Extending her vision beyond the studio, Sagia is the creator of **Flight Mode**, a long-running **monthly radio show** broadcast on **Techno FM, Sine FM, Ubuntu FM, Impulse Radio, Radio RX, and other platforms**. In 2025, she successfully transformed the radio show into a **live event** concept, **premiering at the ADE Conference**, featuring artists whose music is championed on the show - bridging radio, community, and the dancefloor into one curated experience.
